

Absolute comfort and crystal-clear communication

ComCom Listen by Phonak is an ultra-light and extremely comfortable headset that enables users to listen reliably and clearly. ComCom Listen is available in two models for use with a wide range of communication devices (phones, radios, intercoms, etc.).

Thanks to its design, ComCom Listen can be used in the left or right ear with custom-molded ear shells. There are no parts covering or hanging off the outer ear, and no uncomfortable pressure is exerted on the head. ComCom Listen fits securely inside the ear, providing total freedom of movement, so there's no danger of losing the headset.

This version of ComCom Listen is specially Intrinsic Safety (IS) certified for the usage in hazardous locations.

Description

Main features :

- Feather-light and long-lasting comfort
- In use with custom-molded eShell
- Speaker inside noise-isolating ear shell guarantees excellent speech clarity

ComCom Listen Mono IS configuration

The ComCom Listen Mono IS certified can be ordered with the custom ear shell (eShell) or without ear shell (order as spare parts). To have the IS certification valid, it's mandatory to use the custom-molded eShell **and not the generic ear shell**.

The anthracite plug is included by default and not configurable. Please specify the exact configuration required when ordering.

1. Ear shells

Configurable items	Description	Application
Custom ear shell (eShell) 	<ul style="list-style-type: none"> Individually molded Green, beige or blue color Left or right 	<ul style="list-style-type: none"> Highly comfortable fit Perfect to wear for long hours Note: the ComCom eShell is not a hearing protection mold!
No ear shells	The configuration "no ear shells" is intended for ordering an earJack headset as spare part	

2. EarJack headsets

Available products	Description	Application	Connectivity
EarJack headset Listen 2.5mm Mono	<ul style="list-style-type: none"> Without boom Cable 45cm Jack 2.5mm Mono 	<ul style="list-style-type: none"> Connect to different models of radios and remote speaker microphones with MONO connection 	
EarJack headset Listen 3.5mm Mono	<ul style="list-style-type: none"> Without boom Cable 45cm Jack 3.5mm Mono 	<ul style="list-style-type: none"> Connect to different models of radios and remote speaker microphones with MONO connection
